**Daniella D. Benson, PA-C**  
**Nicole A. Walstein, PA-C**

### **BRANDYWINE HOSPITAL**

#### *>>PRE-OPERATIVE INSTRUCTIONS>>*

A history and physical examination is required and must be completed in our office at least ***two weeks before*** your scheduled surgery. If you do not have an appointment, please call our office at 610-363-2532 today.

Please call Brandywine Hospital Central Registration at **610-383-8760** to schedule your pre-admission testing and anesthesia consult. You need to be seen at the hospital at least one week prior to your surgery date. Please report to the Admissions Office. If your testing is to be done at your primary physician's office, please schedule this four to five days before your anesthesia interview to ensure enough time to pick up the results of your tests and take them with you to the hospital. If the hospital does not have the results of your pre-admission testing 48 hours prior to your procedure, they may cancel your surgery.

On ***the day before*** your surgery, Brandywine Hospital will call you after 3:00 pm to inform you of your arrival time.

Remember, you will not be able to have general anesthesia if you have a fever or upper respiratory infection. If you are sick, call our office at 610-363-2532 immediately. Please contact us with any questions or concerns.
